

## **FISCAL NOTE**

### **SB 1228 - HB 2219**

March 27, 2007

**SUMMARY OF BILL:** Enacts the "Orphaned Information Technology Recovery Act," effective January 1, 2008. Defines "orphaned information technology device." Requires the state, when considering state contracts, to give special preference to manufacturers that have programs to recover other manufacturer's orphaned information technology devices.

### **ESTIMATED FISCAL IMPACT:**

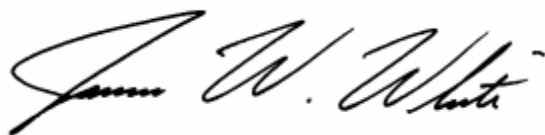

#### **Increase State Expenditures – Not Significant**

Assumptions:

- "Orphaned information technology device" means electronic devices sold in commerce by manufacturers that no longer sell such devices.
- According to General Services, any increase to departmental expenditures is considered not significant.
- According to Finance and Administration, any increase to departmental expenditures is considered not significant.
- According to the Tennessee Higher Education Commission, any increase to departmental expenditures is considered not significant.

### **CERTIFICATION:**

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, appearing to read "James W. White". The signature is fluid and cursive, with the first name "James" written in a smaller, more compact script than the last name "White".

James W. White, Executive Director
